- Canopy Health offers competitive pricing by working together with our alliance partners
- Fully Insured HMO only
- Canopy Health and Western Health Advantage will partner to provide support for Open Enrollment meetings as needed

## Western Health Advantage Group Plans

### Western Health Advantage has a variety of options to fit your company's needs. Their small and large group portfolios offer:

- **Traditional Plans** are ideal for employees looking for the most coverage for their medical care. While many services are covered in full, others require only a copayment without the hassle of meeting a deductible first.
- **Deductible Plans** help your employees control how much they spend on healthcare expenses by paying for services when needed. Employees pay a copayment for office visits and/or diagnostic services while some services, such as hospitalization, are subject to a deductible.
- **HSA-Compatible High-Deductible Plans** allow employees to build funds within their health savings account (HSA) to pay for office and hospital visits as well as prescription medications. We offer complimentary HealthEquity® HSAs with Gateway HSA plans sold direct from WHA. While there is no obligation to have an HSA, employees are advised to discuss the benefits with a tax consultant.
