TRANSFER TO A CONTRACTED HOSPITAL

Canopy Health, through its participating providers and/or contracted health plans, arranges for safe and timely transfer of members to a medical or psychiatric facility when all of these circumstances apply:

- The member has been medically stabilized;
- the transferring and receiving healthcare providers determine that no material clinical deterioration of the member is likely to occur during or upon transfer;
- the transferring and receiving healthcare providers believe that further inpatient healthcare treatment is medically necessary; and
- the member cannot safely be discharged home.

Revision History:

Version Date	Edited By	Reason for Change
1/29/16	M. Stevens	Creation date
7/19/16	M. Durbin	Separated sections of Exhibit J-9 pertaining to transfers to contracted hospitals into a single, standalone policy.
