

# Know Your Costs Before Your Visit

Canopy Health's Cost Estimator tool provides estimates for many common services and procedures performed within our network. We aggregate these figures with our alliance partners to provide a close estimate of costs regardless of where members seek treatment or which physicians they visit.

## Refreshingly Clear

The Cost Estimator tool allows members to track their healthcare spending throughout the year, whether they have deductible plans or are paying copays. It helps members monitor how much they are spending, create a reasonable budget, and reassess their needs when it comes time to renew their plans. Members know their costs and can plan accordingly!

## Easy to Access

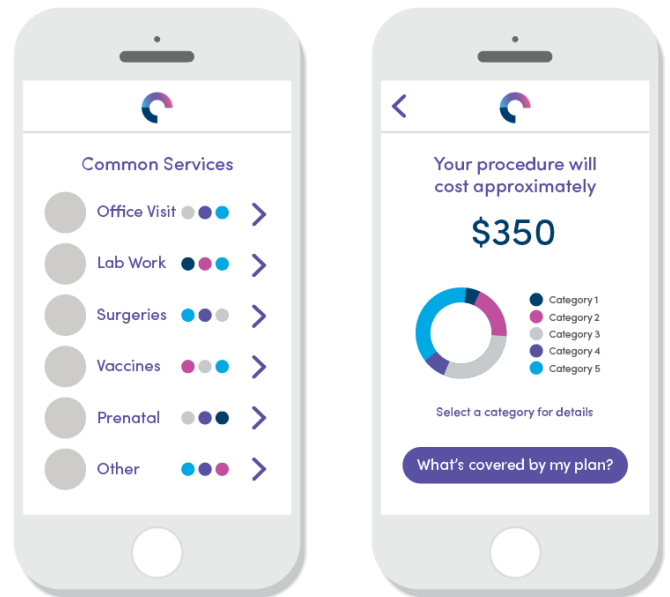

The Cost Estimator tool is available to every Canopy Health member at no extra cost and is easily accessible through the **MyCanopyHealth** mobile app and member portal on our website. For more information or help with the Cost Estimator tool, please call **888.822.6679** or visit **CanopyHealth.com**.

## Find Doctors & Services

To learn more about the physicians and medical groups in the Canopy Health alliance, please visit <https://portal.canopyhealth.com/#!/network/doctors>

## One Step Closer to Costs

Members can select a procedure from a range of common services, then learn its likely cost before they proceed.

## Call Us

If you have any questions or need additional help, our contact center provides real-time solutions that help eliminate barriers to care and expedite the registration and referral process. **Our contact center can be reached at 888.8.CANOPY.**

# Video Visits Offer Easy Access to Care

Members and their eligible dependents deserve great care when and where they need it. As part of our commitment to providing easy access to care, Canopy Health offers members virtual care Video Visits. They can access a skilled and experienced physician around-the-clock directly from their phones.

## Affordable Care

For common, non-emergency medical issues, members can receive one-on-one video consultations for a fraction of the cost of a traditional visit to the urgent care center. A virtual visit is often more affordable because we eliminate significant overhead and pass the savings on to our members.

## Unlimited Care

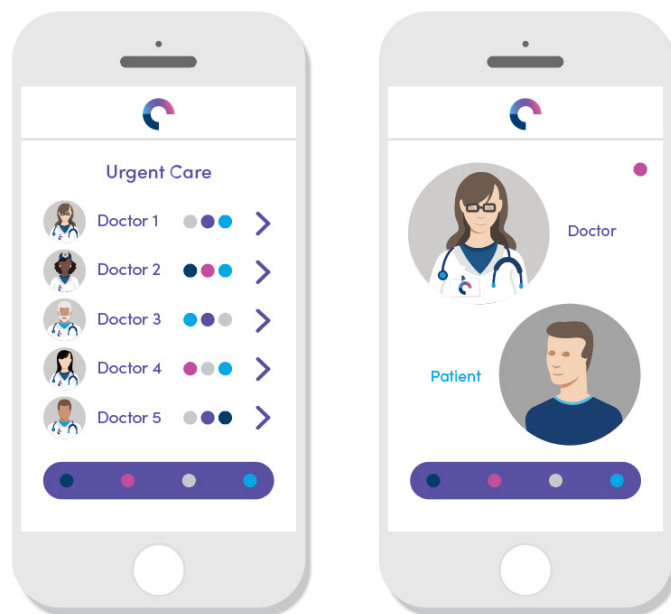

Video Visits are available to members 24/7 with no appointment necessary, and prescriptions can be sent electronically to the pharmacy of their choice. To learn more about how a video visit can save members and their eligible dependents time and still give them the care they deserve, please call **888.822.6679** or visit **CanopyHealth.com**.

## Find Doctors & Services

To learn more about the physicians and medical groups in the Canopy Health alliance, please visit <https://portal.canopyhealth.com/#!/network/doctors>

## One Step Closer to Health

Members can review provider profiles and video visit a doctor within minutes.
